

Hazard Identification Sheet for School Groups

In line with advice from the Department of Education, it is the responsibility of the group leader to carry out a risk assessment for their group visit. This Hazard Identification Sheet describes the potential hazards of the venue only and, along with your preliminary visit, will help you write your risk assessment for visiting Manchester Museum. It can be read in conjunction with the general risk assessment for school groups (and the workshop or risk assessment where applicable) carried out by Manchester Museum.

You may wish to add details of your journey to the museum, as well as any special consideration you will be taking in light of the particular needs of your group. If you have any further questions or require further assistance, please contact us at: school.bookings@manchester.ac.uk.

Task / premises:

General educational group visit to Manchester Museum, including museum galleries and public spaces.

Activities may include:

- Travel to the museum
- Use of public galleries, shop and other spaces
- Use of public picnic facilities
- Use of public toilets
- Use of quiet room / prayer room
- Handling artefacts
- Use of Basement Education Suite (non-public areas)

Please note that:

It is the responsibility of the school teacher / group leader to carry out a risk assessment for their visit.

School teacher(s) / group leader(s) are in overall charge and must stay with the group at all times: Members of museum staff are facilitators only.

Guidance on recommended ratios for all trips can be found online: <http://www.museum.manchester.ac.uk/learn>

Advice for school teacher / group leader that must be noted in advance is highlighted in yellow.

Hazard Identification Sheet for School Groups

Activity	Hazard	Who might be harmed and how	Existing measures to control risk	Further Action by School
Travel to the museum	As identified by school	As identified by school	<ul style="list-style-type: none"> As identified by school 	
Individual pupil needs especially sensory processing issues that may be exacerbated by the busy public space; phobias or fears; lack of experience using public spaces such as museums	As identified by school	As identified by school	<ul style="list-style-type: none"> As identified by school 	
Attending the museum	Fire risk External threat or major event (e.g. on Oxford Road)	Pupils, teachers, accompanying adults: Injuries caused by fire and smoke inhalation or evacuation procedure	<ul style="list-style-type: none"> Trained gallery attendant staff (Visitor Team members) will provide appropriate instructions in case of emergency and will manage any evacuation Annual fire evacuation practice carried out Access to fire exits kept clear Regular removal of combustible waste Electrical equipment is kept away from combustibles and switched off when not in use Invacuation procedures are also in place to move visitors to safe areas in the building in the event of a major external incident
